

Polypropylene strapping band - NATURESTRAP

NATURESTRAP - Biodegradable strapping band

Biodegradability is achieved by a patented composition and innovative technology. The used waste strap can also be recycled and further reused for production. The innovative composition of raw materials used in the production of the strap ensures the achievement of a high level of all properties of the strapping tape. By using NATURESTRAP you do not contribute to the degradation of our environment - NATURESTRAP is a BIODEGRADABLE product in industrial composting plants.

Symbol	Width (mm)	Thickness (mm)	Tensile strength (N)	Core Diameter (mm)	Coil width (mm)	Coil length (m)
5045	5	0,45	500	200	190	7000
